

SCREAMFEEDER 1*2*3*4*5 press release nov 2003

Screamfeeder's new single is **1*2*3*4*5**.

Written by Tim Steward and Kellie Lloyd in the kitchen one afternoon, it's a slab of cool dry keyboard pop, using repetition in the verses and a simple killer melody in the choruses to make its point.

Lyricaly simple or complex? Deep or shallow? It's both at once. Contradictions and dualities abound within Screamfeeder, and that's their beauty.

Produced by Magoo, from the new album ***screamfeeder take you apart*** due out late September.
